It works on the HTML5 canvas, so your images are created instantly on your own device. Most often people use a generator to add text captions to established memes, so technically it's more of a meme captioner than a meme maker. However, you can also upload your own images as templates. How do I customize my meme? You can move text boxes and resize them by dragging them. If you're using a mobile device, you may need to check the Drag-and-Drop section of the More Options section first. You can customize the font color and outline color next to where you type the text. You can further customize the font under More Options, as well as add additional text boxes. Imgflip supports all Web and Windows/Mac fonts, including bold and italic, if installed on your device. Any other font on your device can also be used. Note that Android and other mobile operating systems may support fewer fonts if you don't install them yourself. You can insert popular or custom stickers and other pictures, including scum hats, deal-with-it sunglasses, speech bubbles, and more. Opacity and resizing are supported. You can rotate, flip, and crop all uploaded templates. You can draw, sketch, or scraw on a meme using the panel just above the meme preview image. You can create meme chains of multiple images stacked vertically by adding new images with settings below the current image. Can I use the generator for more than just memes? Yes! Meme Generator is a flexible tool for many purposes. By uploading your own images and applying all your edits, you can design many creative works, including posters, banners, ads, and other custom graphics. Why is there a watermark on my imgflip.com? Watermark Imgflip helps other people find where the meme was created so they can make memes too! However, if you really want to, you can remove our watermark from all the images you create, as well as remove ads and superchar up your image creation skills using Imgflip Pro or Imgflip Pro Basic. Can I create animated or video memes? Yes! Animated meme templates appear when searching in the Meme Generator above (try party parrot). If you don't find the meme you want, browse all the GIFs or upload and save your own animated template using GIF Maker. Do you have a crazy AI who can write memes for me? Funny you're asking. Why do we, we do. Here you go: imgflip.com/ai-meme (warning may contain vulgarity) It's a free online image maker that allows you to add your own resize text to images.
